

*****FOR IMMEDIATE RELEASE*****

BSRKC Announces Winner Of Free Trip To Brazil

In 2008 the karting gods were smiling down on Simcoe Kart Club member Michael Glaze. Michael captured the BSRKC TAG/Rotax Championship. On Oct. 5, Michael won the shootout for the Brian Stewart Racing IRL Indy Lights test drive by one tenth of a second. On Oct. 11, his name was drawn at the Waterloo Regional Kart Club Oktoberfest for the MG Tires sponsored free trip to Brazil to compete in the world famous Granja Viana 500 twelve hour charity enduro race.

In karting all racers begin their year with certain hopes, dreams and expectations, their minds daring to write a mental wish list of what they hope to accomplish throughout the season.

One ponders the above when considering Michael's successes this year. His three-peat is a first in BSRKC history, and one that we are sure Michael and his team never dreamed would be possible. But possible it has been, and now Michael prepares for the IRL Indy Lights test with Brian Stewart Racing and the MG Tires sponsored free trip to Brazil to compete in the Granja race, all of which will take place within the next six weeks.

The BSRKC Principals, Organizers and many generous sponsors extend to Michael our sincerest best wishes as he prepares to undertake the extraordinary tasks at hand.

God speed Michael. And may the karting gods follow you as you bring your 2008 BSRKC season and these outstanding prizes to a close. Michael follows the pedals of Larmour and Mora and returns to Brazil with his experience as part of the '07 BSRKC Canadian Dream Team of Collison, Hendricks, Herder and Lyons that finished eleventh last year out of seventy-five plus teams.

You have your work cut out for you, Michael. Now all you need to do is show us and the gods that what fate bestowed upon you was not just a stroke of luck.
