Press Release

The City of Windsor has developed a website for the sole purpose of promoting this event. One visit to www.WindsorPrix.ca and you see at a glance the exciting and fun filled activities they have planned for our entertainment pleasure.

The BSRKC Series and host clubs Simcoe Kart Club and Waterloo Regional Kart Club, together with the Sunparlor Kart Club, have put in countless hours to make this the premier go karting street race of 2008.

A new track layout has been designed. It's featured in the Schedule section of the www.BSRKC.com website where you can also find the Entry, Practice and Race Day Schedules, Pre Tech and Accommodations forms.

We have dotted our I's and crossed our T's. And, thanks to our outstanding Sponsors, the only thing left to add to this extra special event on Aug. 29, 30 and 31, is *you*.

If you haven't already done so, make sure you plan to be there. If the 484 BSRKC Bear Hunt racers at Shannonville Motorsport Park are any indication, this event, contested along Windsor's river front streets and Festival Plaza, is sure to exceed everyone's expectations and smash the record books once again.

Together with our incredibly generous sponsors of A to Z Capital Corp., Ozz Electric Inc., Mid-Toronto Mitsubishi, Scarborough Mitsubishi, and Yogen Fruz, the BSRKC Series is proud of every special event we have presented year after year *since 2006*.

We welcome every karter to join us this weekend in Windsor to surpass the roaring sound of the Indy cars echoing from Belle Isle, Detroit.
