

Long Range Planning / Flamboro Speedway

After months of hard work and dedication by several WRKC members and the 2007 Executive team, the club has reached a long term agreement with...

The WRKC is finally building its own permanent Go Kart Track! Things are moving ahead quickly with construction already started and track opening scheduled for the spring of 2008 in time for the start of our new season.

The ability to build our own track for the first time is an extremely exciting time for this club but it is also going to take a lot of hard work and money to complete this project. At the present time we are soliciting all members past & present for \$250.00 donations to be put towards track construction. All donators will have their names inscribed on a permanent plaque / display to be built at Flamboro Speedway and unveiled at the Grand Opening.

Anyone wishing to contribute please fill out the [Fund Raising form](#) and return it to the Waterloo Regional Kart Club ASAP.

It will take support from all our members to make this project successful. We would like to thank the many people and companies who have already contributed money enabling this project to get airborne so quickly.

For those of you who have never been to the Flamboro facility, click [Here](#) for directions

Final details on this exciting announcement will be released at the Banquet. on Nov 3rd

Please consult www.wrkc.on.ca for further details as they develop.

Thank You
